Professional Summary

Results-driven Junior Software Engineer with hands-on experience in Full Stack Web Development, Full Stack Mobile App Development, UI/UX Design, and modern frontend engineering. Skilled in building scalable MERN stack applications, React Native mobile apps, REST APIs, responsive interfaces, and high-fidelity UI designs. Proficient in React.js, React Native, Node.js, Express.js, MongoDB, Tailwind CSS, GSAP, Framer Motion, and Figma. Passionate about creating modern, performant, user-focused applications while continuously improving DevOps and CI/CD fundamentals.

Technical Skills

Frontend Development: React.js, JavaScript ES6+, HTML5, CSS3, Tailwind CSS, Responsive Design, GSAP, Framer Motion, Context API, Redux Toolkit

Backend Development: Node.js, Express.js, MongoDB, Mongoose, REST APIs, JWT Authentication, API Integration

Mobile App Development: React Native, Expo, Mobile UI Development, Navigation, AsyncStorage, Cross-Platform App Development

UI/UX Design: Figma, Wireframing, Prototyping, High-Fidelity UI Design, Design Systems, Mobile App UI, Play Store Mockups

DevOps & Tools: Git, GitHub, Postman, MongoDB Compass, VS Code, Linux, CI/CD Fundamentals, Overleaf

Professional Experience

Full Stack Web Developer & UI/UX Designer Intern **May 2026 – Present**
N2X Systems Software House

- Collaborated on mobile app UI/UX design, Play Store mockups, and full-stack web development tasks.
- Designed modern mobile app screens, user flows, wireframes, and high-fidelity mockups using Figma.
- Contributed to React Native app interfaces and supported reusable component-based development.
- Worked with MERN stack concepts, REST APIs, frontend integration, and responsive user interfaces.
- Improved application presentation through clean UI patterns, visual consistency, and user-friendly layouts.

Frontend Web Developer Intern **Feb 2026 – Apr 2026**
Hitech Software House

- Developed responsive web interfaces using React.js, JavaScript, HTML, CSS, and Tailwind CSS.
- Integrated APIs and collaborated on UI/UX improvements for better usability and performance.
- Built reusable frontend components and optimized layouts for desktop and mobile responsiveness.

Projects

Full Stack Salon Booking App — React Native, Node.js, Express.js, MongoDB

- Developed a cross-platform salon booking application with modern mobile screens and booking flow.
- Built appointment scheduling, service selection, stylist selection, booking history, and user-friendly navigation.
- Designed reusable React Native components and integrated backend-ready architecture using REST APIs.

Student Management System (LMS) — MERN Stack

- Built a role-based LMS with Admin, Faculty, and Student portals for academic management.
- Implemented attendance, assignments, submissions, grading, timetable, announcements, and user management.
- Integrated JWT authentication, REST APIs, MongoDB operations, and responsive React dashboards.

Premium Pearl Restaurant Management System — MERN Stack

- Developed a full-stack restaurant management system with QR ordering, cart, reservations, and waiter tipping.
- Created an admin dashboard for orders, tables, customers, waiter tracking, and daily operations.
- Designed scalable REST APIs and MongoDB database structure for restaurant workflow management.

Advanced Personal Portfolio Website — React.js, GSAP, Framer Motion

- Built a premium responsive portfolio with modern UI, glassmorphism, smooth scrolling, and interactive animations.
- Implemented GSAP and Framer Motion effects, animated sections, reusable components, and performance-focused layout.
- Showcased projects, skills, experience, certifications, and contact links through a polished frontend architecture.

CarShare Mobile App UI/UX — Figma

- Designed rider and driver flows, booking screens, vehicle browsing, profile screens, and high-fidelity mockups.
- Created clean mobile app layouts with consistent typography, spacing, visual hierarchy, and user-friendly navigation.

True Trucker App Mockups — Figma

- Designed Play Store screenshots, promotional mockups, branding assets, and app presentation graphics.
- Optimized visual assets for marketing, feature showcasing, and professional Play Store publishing.

Education

ADP in Computer Science

Leads University, Lahore

2026 – Present

Certifications & Training

Full Stack Web Development — PNY Trainings, Arfa Tower

DevOps Engineering — NexSkills, Arfa Tower

UI/UX Design & Figma — Mobile App UI Design, Wireframing, Mockups, Design Systems
